

Annual Report of Program Data (ARPD) Template Administrative Services – 2016-2017

Area/Unit Name:

Administrative Services

Area/Unit Description:

• This section should include a short paragraph that describes your area(s) or unit(s), goals, and statement of purpose.

The core purpose of Administrative Services is to provide quality services in support and advancement of the academic mission of Leeward Community College. Administrative Services primary responsibility is in providing stewardship over the human, financial, and physical resources of the College while maintaining a safe and healthy learning and working environment. As a comprehensive unit and at each departmental level, we continually strive to enhance the delivery these services in a more efficient and effective manner.

<u>Business Office</u>: The mission of the Business Office is to maintain the College's fiscal integrity through accurate record keeping and adherence to UH and State policies and procedures; to provide procurement, cashiering, fiscal, and payroll services to the campus; serve as campus liaison with the System Financial Management Office (FMO), Office of Procurement and Real Property Management (OPRPM), UH Foundation Office, and the Research Corporation of the University of Hawaii (RCUH); provide financial reports and analysis as required; and to safeguard the assets of the college.

<u>Human Resources</u>: The Human Resources Office is responsible for all aspects of personnel management and administration. The areas of responsibility are, but not limited to the following: recruitment and appointments; employee benefits; labor and employee relations; classification; position management, organizational charts and functional statements; worker's compensation and temporary disability insurance; student employment; labor relations and collective bargaining contracts; EEO/AA and adverse actions.

<u>Enterprise Operations</u>: The Enterprise Operations unit is responsible for a wide range of services that directly support the College and the public, to include; the management of all functions related to facility scheduling and usage, parking services, emergency operations and planning, lead liaison with state civil defense and FEMA-related matters, and campus security and safety.

<u>Operations and Maintenance</u>: The Operations and Maintenance unit is responsible for the day-to-day operations of the physical plant, parking lots, service roads, and grounds. The areas of responsibility include electrical, plumbing, carpentry, janitorial, grounds, mail service, and transportation services. The goal of the Operations and Maintenance unit is to provide a clean, safe, and welcoming environment for all students, faculty, staff, and visitors.

Part I. Quantitative Indicators:

This section should include: a) UHCC Comparable Measures for your area(s) or unit(s); b) any
additional Support Area Outcomes (SAO) that have been entered into Tk20; and c) other
measures or indicators that are used to manage and monitor the efficiencies and effectiveness
of your area(s) or unit(s) performance. Include copy of SAO and Assessments that have been
entered into Tk20.

UHCC Comparable Measures – Enterprise Operations

There are no formal UHCC Comparable Measures that have been developed for the types of services that fall under the purview of Enterprise Operations. However, other sources of data provide a variety of measures that point to unit effectiveness and efficiencies. Examples include:

- 1. Annual Security Report for Clery Act crime data
- 2. Campus Security Incident Statistics from 2001 through 2015
- 3. Facility Use requests for room and facility scheduling
- 4. Facility Use rental agreements

These measures, and others, will be reviewed for possible incorporation into future ARPD reviews.

Tk20 Support Area Outcomes and Assessments

Includes only campus staff, does not include contract security

Business Office:

To be determined

Enterprise Operations:

To be determined

Human Resources:

- 1. Staffing sufficiency.
- 2. Training and workshops presented on campus relating to EEO/AA.

Operations and Maintenance:

1. Maintain cleaning appearance Level II established by the Association of higher Education Facilities Officers (APPA) – Ordinary Tidiness.

Other Measures or Indicators

All Units:

2016 Leeward CC Satisfaction Survey

Business Office:

Cashier's department serves an estimated 10000 student accounts. Staffing for this department
consists of a temporary APT Band B position who serves as supervisor to a permanent Cashier I.
This APT Band B position works closely with students on their accounts; processes refunds; rectifies
disputed charges; ensures timely collection of tuition; works closely with the Dean of Student
Services on appeals from students; this position is vital for the collection of tuition revenue for the
campus.

Part II. Analysis of Area(s) and Unit(s):

 Summarize and highlight specific quantitative indicators/measures identified in Part I and provide explanation and analysis. Review trends, unusual outlier data points, and comparisons to other institutions.

All Units:

1. Past employee satisfaction surveys have noted comments related to improving relationships between specific administrative support units and the broader campus community. As a result of these survey results and to engage in continuous improvement efforts, the Administrative Services leadership team strategized on possible solutions in the area of customer service.

Business Office:

- 1. Processing time for UH Purchase Orders shows a slight improvement from last year (FY 2015). This can be attributed to the hiring of an emergency hire to temporarily fill our vacant Account Clerk position. This processing time, 4.69, is below the CC campus average of 5.29 days but can be improved.
- 2. Processing of PO payment documents is reduced from 4 days in FY2015 to 3.22 days in FY2016 due to a decrease in payment documents being processed. Departments are using their pcards more in FY 2016. The campus average is 3.22 days compared to the CC campus average of 6.57 days. The campus will work on turning these payment documents around in 2 days.
- 3. There has been a 4.7% increase in the number of transactions processed in KFS and RCUH compared to FY 2015.

Enterprise Operations:

1. Key staffing issue is the adequate number of security officer positions that have been authorized for the Pearl City and Waianae Moku campuses. A total of eight (8) security officers are authorized for LCC to provide 24/7 coverage at Pearl City and all operational hours at Waianae Moku. Strategies need to be developed to address the staffing shortage.

Human Resources:

- 1. Staffing Sufficiency decreased from 99.11 % to 95.27%. Unknown reasons why the decrease occurred. There were no unusual activities (ex. strike, furloughs, etc.).
- 2. Training and workshops presented on campus relating to EEO decreased from 38 to 24. A possible reason for the decrease is that Title IX training increased for the Title IX Coordinator and Deputies, Administrators, and other key personnel in anticipation of training all employees in FY 2016-2017. Training was held off-campus and multiple sessions of 3+ days/week.
- 3. 2016 Leeward CC Satisfaction Survey had the following comment: "The Human Resources and Business Offices are excellent"

Operations and Maintenance:

- 1. Assess janitorial cleaning services to measure if we are at Ordinary Tidiness, 85% cleanliness, as established by APPA standards.
- 2. Additional janitorial/grounds staffing position is required for the Waianae Moku campus. Previous leased facilities were covered via contracted services or through the lease agreement with property owner.

Part III. Action Plan:

• Using the analysis in Part II, identify the action plans to be pursued in the next year. Action plans should be specific and indicate implementation timelines when appropriate.

All Units:

As a result of past employee satisfaction surveys and the goal of improving service levels and
efficiencies, Administrative Services held a mandatory Customer Service or "People Service"
training workshop with an external consultant for all Administrative Services personnel on March
30, 2017. The "Aloha Touch" training is the first in a series of continuous efforts to focus on
"people service" skills.

Business Office:

1. Reduce the average number of days required to issue a UH Purchase Order from 4.69 to 3.0 days. The recent hiring of an experienced Account Clerk will assist the department achieve this goal.

Enterprise Operations:

1. A request to the UHCC system office for an additional security officer position for the Waianae Moku campus has been made via the vacant position reallocation pool. This position will also be included in the Resource Implications request. Other security officer vacancies are being processed in most expeditious manner to mitigate staffing shortages.

Human Resources:

- 1. Staffing Sufficiency continue to fill vacant positions as allowable by the budget and staffing requirements.
- 2. EEO Training provide additional EEO training as well as Title IX training. Ongoing training as required and needed.
- 3. Satisfaction Survey conduct a Human Resources Office survey to assess our strengths and weaknesses to improve customer service prior to the next Accreditation report.

Operations and Maintenance:

- Auxiliary & Facilities Services Officer will use a checklist to inspect random areas on a daily basis.
 This data will be calculated on a monthly basis to determine the cleanliness percentage. Auxiliary & Facilities Services Officer will review inspection outcomes with the janitorial supervisor on areas for improvement and what is being done well.
- 2. A request to the UHCC system office for a custodian position for the Waianae Moku campus has been made via the vacant position reallocation pool. This position will also be included in the Resource Implications request.

Part IV. Resource Implications:

• Provide a short summary of resources needed to implement the action plans identified above. Specific resource requests should be reported on the *Resource Implications Template*.

All Units:

Business Office:

1. APT Band B, Bursar Position. This position manages over 10000 student accounts for the campus; manages the collection of tuition revenue; works closely with the Dean of Student Services on student appeals; works with Admissions and Records, Counseling, Financial Aid and VA coordinator on student accounts. This position is the campus liaison with the system Bursar's Office. This position is currently temporary; loss of this position will be detrimental to the campus' ability to collect tuition revenue and manage student accounts. The position is currently funded, hence, no funding is requested; the request is to convert this temporary position to permanent status.

Enterprise Operations:

1. Security officer position for Waianae Moku campus is number one priority. Other security officer positions are requested for Pearl City campus.

Human Resources:

- 1. Staffing Sufficiency N/A
- 2. EEO Training N/A
- 3. Satisfaction Survey N/A

Operations and Maintenance:

- 1. No additional funding is requested to fulfill the goals associated with the janitorial cleanliness measure(s).
- 2. Custodian position is requested for the Waianae Moku campus in order to provide janitorial and grounds services.

Part IV. Resource Implications Template – Administrative Services 2016-2017 Request for Resource Allocations

Each prioritized planning list should be limited to the **top five requests** for your division, unit, or area. **Planning requests should be \$5,000 or greater in amount.** Some divisions may want to keep a complete prioritized list of items for any amount to use for division fund requests.
