SUBJECT: 2025-2026 Catalog Addendum

Dear Keala,

This memo seeks to correct errors in Leeward CC's 2025-2026 Catalog.

The Integrated Industrial Technology program underwent a name change to "Mechatronics," which received system approval after catalog revisions were submitted in late March 2025. Thus, these programs are still under the former Integrated Industrial Technology name in the PDF catalog. Therefore, references to "Integrated Industrial Technology" should be replaced with "Mechatronics."

The following information replaces the references to the information found in the 2025-26 Leeward Community College catalog:

Pages 92 – 95, Degrees and Certificates Offered:

Mechatronics

Associate in Science Degree in Mechatronics
Certificate of Achievement, Mechatronics
Certificate of Competence, Mechatronics
Certificate of Competence, Computer Integrated Manufacturing

Page 542, Degrees and Certificates:

The header "Integrated Industrial Technology" should be "Mechatronics"
